Help protect our livestock in Scotland

Dogs pose a serious threat to livestock, particularly young lambs and calves.

If you find a field with young animals in it on your walk, please ensure you choose an alternative route.

- Keep dogs in sight, on a lead and under control around livestock.
- Where possible avoid livestock as they can be dangerous - release your dog if threatened.
- Choose alternative routes rather than through fields of young calves or lambs.
- Leave gates as you find them.

It is a criminal offence to allow your dog to attack or worry livestock on agricultural land. Failure to control your dog can result in a fine up to £40,000 or a 12-month prison sentence.
