BikeRegister is a registered trademark of:

# Cuts theft by **75%**

**The UK's national, Police approved,**  
bicycle marking & registration scheme.

Owned by Selectamark, the UK's leading security marking provider, BikeRegister is the only police approved national cycle database – a bicycle identification initiative aiming to reduce cycle theft, identify bikes and assist in owner recovery.

**Secured by Design**

**Official Police Security Initiative**

OVER  
**400,000**  
bikes registered!

Used by **every Police force in the UK.**

# How does it work?

1

## Register a bike

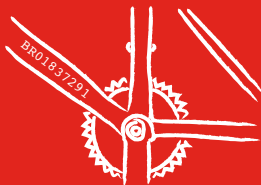

Add the bike to the BikeRegister database for free

2

## Mark & protect

Mark & protect the bike with one of our specially-designed products

3

## Get peace of mind

Reduce the chance of theft by warning thieves that the bike is protected by BikeRegister.

# Membership **Plus Kit**

## BikeRegister Membership Plus Kit

Contains two highly durable Tamper Resistant QR Barcode labels featuring our unique BikeRegister ID. If a bike is found, the labels can be scanned with a smartphone and identified on the BikeRegister website.

Official Police Security Initiative

### Contains

- Membership card
- 2 x tamper resistant
- Security ID labels  
(containing QR barcodes)

# Permanent Marking Kit

## BikeRegister Visible Marking Kit

Permanently marks the bike frame with a unique BikeRegister ID. The kit chemically etches the frame of the bike with a visible and permanent blue mark, leaving a neat, unique ID which does not affect the frame's integrity. Included with the kit is a durable, tamper-resistant warning label.

Secured by Design

Official Police Security Identifier

### Contains

- Membership card
- Permanent Kit Unique ID Stencil
- Tamper Proof Warning Sticker

# Covert Marking Kit

## BikeRegister UV Covert Kit

Marks the bike frame and components with hundreds of microscopic dots printed with a unique BikeRegister ID. Included with the kit is a colourless UV marking kit which chemically etches the coating of the bike frame with the unique BikeRegister ID, the marking is invisible unless seen under UV light.

### Contains

- Membership card
- Covert Kit Unique ID Stencil
- UV Marking Compound
- Microdots & Applicator
- Tamper Proof Warning Sticker
- TESA Label

Retail kits and trade offers are now available to order,
